Subject :- Reorganisation of Jewish
Settlement Defence Police.

It is hoped shortly to appoint 10
British Inspectors to assist you in administer-
ing, training, commanding and supervising the
above mentioned temporary additional police.
Each British Inspector within the new organisa-
tion will have his own separate area and groups
of settlements to control.

2. The following are the suggested
areas and groups of each British Inspector :

<u>British Inspector</u>	<u>District</u>	<u>Groups to be controlled by each British Insp.</u>
— 1	Southern	Nos. 1, 2, 3, 4, 5, 6
— 1	Southern	Nos. 7, 8, 9, 10, 11
— 1	Nablus	Nos. 1, 2, 3, 4, 5, 6
1	Haifa	Nos. 1, 2, 3, 4, 5 and Frontier Group No.4.
1	Haifa	Nos. 6, 7, 8, 9, 10, 11.
— 1	Galilee	Nos. 2, 3, 4, 5, 6.
— 1	Galilee	Nos. 7, 8, 13, 14.
— 1	Galilee	Nos. 1, 9, 10, 11, 12
— 1	Frontier	Nos. 1, 2, 3.
× 1	Jerusalem	Nos. 1, 2, 3, 4, 5, 6.

3. I am to instruct you to study this distribution of area and settlement responsibility and to report very early if you are in agreement with it or otherwise what alterations you recommend.

4. It will be understood that British Inspectors shall live within the area of their settlement groups but not necessarily permanently in any particular settlement.

5. If you are unaware of the names of settlements within each group this information can be obtained by W.T. signal to this Headquarter.

6. I am to request you to reply very early.

Subject:- A/1567 Constable Zacharia Sharanski
Reference:- Your letter P/11/194/32/1 of
15/11/38.

I have to agree with para one of your letter under reference relating to this Constable's activity and bring the following observations to your notice in order to point out where the confusion has arisen.

On ~~the~~ 1.4.38 a revised establishment of the Supernumerary Police Force came into operation which meant certain reductions in the active class. Items for this change over were submitted on the 15.4.38 and 23.4.38 and it will be seen in items dated 23.4.38 (Safad Area) that the above named Constable was struck off strenght with effect 1.4.38, but this was cancelled after I had checked the figures allotted to each District as per schedule in the Inspector Generals letter P5/184/1/S dated 26th March 1938 and found one Constable over strenght in the Nazareth District (Hassadah) and one under strenght Frontier District (Yesod Hamala). This will be found in my W/T 148/20/G dated 29.4.38.

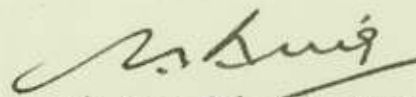

Further no salary has been claimed for this Constable since March 1938 except for a period of 28 days during July when he was employed on the Protection of Crop workers.

A survey of the nominal roll active class Safad Area disclosed one Constable under strenght at Yesod Hamala, hence this Constable's name appearing in my items week-ending 6.8.38 as being transferred from protection of Crop workers to class "A" active with effect 1.8.38.

It would appear that the accounts clerk worked on items for promulgation in this instance and not Force Orders as this Constable has never appeared in Force Orders as being struck off strenght.

In view of the foregoing I would suggest that the period 1.4.38 to 1.7.38 he be struck off strenght and from 1.8.38 retaken on strenght class "A" active.

It is regretted that this omission has occurred.

I am to draw your attention to the fact that the above named was not shown on the reserve list when you submitted items for the week-ending 6.8.38, but was on the active list, Class 'A' as from 7th July, 1936.

2. Your reply that this constable was transferred to 'B' paid from 'A' reserve to put the establishment up to date, i.e. 161, is therefore incorrect and I am to ask you to go into this matter once again and submit further information.

I did not promise to increase the establishment of rifles in Huleh Concession, but informed Mr. N. Horovitz that I would endeavour to increase the establishment of rifles when the wire Fence construction Force was disbanded.

2. This has non taken place and all rifles i.e. 85 are to be transferred to a new Force being raised for the construction of Military Camps.

3. In view of the present situation in this area, I would however suggest that the establishment of rifles be increased by six making a total of 10 rifles in the concession to be withdrawn 2 each from

Sir,

Your letter dated 21.10.38 is hereby acknowledged and the following observations brought to your notice:-

- i) the records in this office reveal that you reverted from L/Cpl. to Constable with effect from 17th June 1938.
- ii) your salary claimed by this office for June was for a full month's salary as L/Cpl. i.e. LP.7.000 mils.
- iii) on your reversion appearing in Force Orders, the necessary adjustment to your salary was made, with a deduction of 466 mils overpaid to you for the month of June. This left you with a balance of LP.5.534 mils. I fail to observe where a mistake has been made as suggested in your letter, as records definitely state that you reverted to the rank of constable at your own request.

I have the honour to be
Sir,
Your obedient servant.

Subject :- Jewish supernumerary police.

I understand from your letter No. P.5/184/2/8 of the 16th August, 1938, that the strength and dispositions of the Jewish supernumerary police force is now under consideration.

2. In this connection I shall be grateful if consideration may be given to the night ambush system which has been carried out for the past three months between Nahalal and Beisan in the "Emek".

3. As a result of repeated invasions of armed bands from the Jenin hills to attack settlements and destroy crops in the Emek, I made arrangements for special supernumerary police ambushes in this area and placed a curfew on the valley between Nahalal and Beisan. These ambush squads have had three successful encounters with armed bands and have provided an exceedingly effective barrier between the Jenin hills and this District. During the past three months, these ambushes have been carried out with the assistance of the 161 police who were specially enrolled for crop protection during the harvest season. These additional men have now been discharged and the ambush system has ceased.

4. The Assistant Superintendent in charge of supernumerary police in this District considers that 72 men are required in order to maintain this most effective barrier

between the Jenin and the Nazareth hills. I shall be grateful if this matter may be considered with a view to a continuance of these ambushes.

Inspector General,

Subject :- Arms - repair of.

Large numbers of arms principally rifles and greener guns have constantly to be forwarded to Force Armourer, Jerusalem, for repairs many of which are of a minor nature and adjustment.

2. The transporting of such arms involves wastage of personnel in supplying strong escorts and heavy expenses in the use of transport besides the considerable risk attaching to the transporting of such arms during the present situation.

3. There is a Supernumerary Corporal No. 3116 Eliahu Amimi on the establishment of this District who has considerable knowledge as a mechanic and it is suggested that if he was given a short course of instruction with the Force Armourer, he would be capable of effecting repairs to all arms in this District which do not call for a court of inquiry.

12th August, 1938.

Dear Evans,

I hope that I am correct in writing to you in order to avoid adding to the worries of the Inspector-General. As you are aware, the Jewish Agency have appointed a Liaison Officer in each District in connection with the appointment of supernumerary police and with the defence of Jewish settlements. The Liaison Officer for this District is Mr. Abraham Ikar.

For some time past I have observed that Mr. Ikar has been of little help to us and has shown a tendency to take entire charge of the supernumerary police and to issue orders to them regardless of Ring who is Assistant Superintendent of supernumeraries at Nazareth. The attitude of Mr. Ikar may be shown by the fact that he is said to have raised objections because I imposed a curfew on a Jewish area without consulting him!

I have asked Ring to give instances of the attitude adopted by Mr. Ikar and he has written as follows :-

- "(a) Transfer of individual Supernumerary Police from one settlement to another.
- (b) Transfers (temporary) from groups of settlements to other areas.
- (c) Transfers of arms from one place to another.
- (d) Lack of cooperation in connection with training of supernumerary police at present in spite of 24 L/Sergeants and 61 L/Corporals, there is practically no training being carried out with the reserve classes A.B. C. and D., although I have personally seen these H.C.Os. performing training with civilian youth in settlements.

C.T. Evans Esq.,
Police Headquarters,
Jerusalem.

(e)/...

- (e) In spite of repeated requests made by me to establish special standing orders in respect of car patrols operating in this District I have failed to do so owing to lack of cooperation. It is extremely difficult for me to undertake this matter alone as the Jewish Agency are supplying the vehicles and paying for all petrol and upkeep of cars, therefore I feel that orders issued by me without the cooperation of Jewish Agency could not be effectively put into use.
- (f) Although I cannot prove this fact, separate orders, and instructions are issued to all H.C.Os. in blocks and colonies from their representatives without my knowledge only when I find some irregularity, do I know of such orders and always the responsibility is denied by their responsible officers.
- (g) The Affula supernumerary office although a semi official organization to assist the A.A.S.P., in charge supernumerary police is of no value to me as during the last 18 months this office has been used solely as a Jewish Agency Office, only such matters as sickness, applications for leave, transfers, records of daily work performed by reserves in connection with protection of crops, and expended ammunition return are passed to me.
- (h) Nominations for H.C.Os., attending courses are done without my knowledge.
- (i) Nominations for promotions are done without first consulting me."

As far as I am aware, Mr. Ikar is stationed in this District to produce suitable candidates for enlistment, to hold a watching brief on behalf of the Jewish Agency for the general defence of Jewish settlements and to advise Ring as to the measures which he should take to improve the defences. Mr. Ikar is not entitled to issue any orders to the supernumerary police as they are sworn as Government servants.

I personally would have no objection to Mr. Ikar controlling the movements of the Police if they were confined to the close protection of settlements. The supernumerary police are now however used for ambushes, car patrols and searching of pedestrians and sometimes even of motor cars. If they are to be allowed this latitude, then it is essential that Government and no other body should issue orders for them.

As I have shown, the position is most unsatisfactory and I should like to see the following action taken :-

(a)/...

- (a) Mr. Ikar to be removed or to be informed that he is under no circumstances to issue any order to a supernumerary policeman.
- (b) Mr. Ring to be told to issue clear instructions to his supernumerary police that disciplinary action will be taken against anyone who contravenes his instructions.

In my opinion, it must be made quite clear who is in charge.

Yours sincerely,

(Sgd) K. W. BLACKBURNE

In accordance with your instructions
I wish to bring the following facts to your notice
in regard to the Liaison Officer of Jewish Agency
Mr. Abraham Ikar.

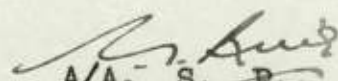

During the past 18 months that I have been
working with this Gentleman there have been a number
of instances which have occurred owing to lack of co-
operation such as :-

- a) Transfer of individual Supernumerary Police
from One Settlement to another.
- b) Transfers (temporary) from Groups of
Settlements to other areas.
- c) Transfers of Supernumerary Police from
other districts, Haifa, Jaffa, etc and
Settlements in this district to Special Squad
in Ein Haroud Area.
- d) Transfers of arms from one place to another.
- e) Lack of cooperation in connection with
Training of Supernumerary Police at present
in spite of 24 I/Sergt. and 61 I/Cpls., there
is practically no training being carried out
with the reserve classes A. B. C. & D.,
although I have personally seen these N.C.Os.
performing training with civilian Youth in
Settlements.

- f) In-spite of repeated requests made by me to establish special standing orders in respect of Car Patrols operating in this District I have failed to do so owing to lack of cooperation. It is extremely difficult for me to undertake this matter alone as the Jewish Agency are supplying the vehicles and paying for all petrol and up keep of cars, therefore I feel that orders issued by me without the cooperation of Jewish Agency could not be effectively put into use.
- g) Although I cannot prove this fact, separate orders, and instructions are issued to all N.C.Os. in Blocks and Colonies from their representatives without my knowledge only when I find some irregularity, do I know of such orders and always the responsibility is denied by their responsible Officers.
- h) The Affula Supernumerary Office although a semi official organization to assist the A/A.S.P., i/c Supernumerary Police is of no value to me as during the last 18 months this office has been used solely as a Jewish Agency Office, only such matters as Sickness, Applications for leave, transfers, Records of daily work performed by reserves in connection with protection of crops, and Expended Ammunition Return are passed to me.
- i) Nominations for N.C.Os., attending Courses are done without my knowledge.
- j) Nominations for promotions are done without first consulting me.

It is appreciated that the Jewish Agency representatives have a far more intimate knowledge of individuals than I have, but I maintain that the Liaison Officer should discuss all matters with me before anything is put into effect.

I realize that he has a large area to control and that mutual understanding is often difficult when contact is only made often monthly but even then ^{rarely} ~~really~~ are items of interest to both of us discussed.

It has been suggested to me that the establishment of the 'D' class Jewish supernumerary police should be increased by the enlistment of a further 1173 men made up as follows :-

	<u>Existing.</u>	<u>Proposed.</u>	<u>Increase.</u>
Nazareth	501	1503	1002
Safad	85	255	170
	<u>586</u>	<u>1758</u>	<u>1172</u>

2. The Jewish settlements in this District, particularly those of a co-operative nature where each farmer has his own land and his own work, have had an extremely difficult time during the past two years owing to the number of unpaid supernumerary police who have had to be on continuous watch at the expense of their own agricultural work. This difficulty can be overcome if more supernumerary police are appointed to work on the "roster" system. I am informed that this has already been done in the Haifa and Samaria District.

3. As the proposal involves no additional cost to Government nor the provision of additional arms and equipment, I shall be glad to know if this increase can be sanctioned.

I should like to point out that the standard of signalling already attained in Colonies with Signal Lamp, Projectors, and Flags is very High. Already two Heliographs are in use in colonies with most satisfactory results, and it is further pointed out that most colonies rely today on their signalling for inter colony communication.

The cost of 10 Helio at LP 11.000 £

Subject :- Supernumerary Police - Arms.

I should like to bring the following suggestions to your notice with a view to the matters being taken up for approval with the Inspector General

At present there are 1518 rifles and 213 Greener Guns on charge to Supernumerary Police in the Galilee and Frontier Dists. and constantly I am having to forward arms for repairs to the Force Armourer and in many instances these repairs are of a minor nature and adjustment. This involves escorts and expenses besides the danger of transporting arms around the country during the present conditions.

On my strength I have a Supernumerary Corporal No. 3116 Elishu Aimi who has considerable knowledge as a mechanic and would I feel sure after a short period with the Force Armourer Sgt. be capable of effecting all repairs to arms which do not call for a court of inquiry.

5. The total requirements for this District are therefore as follows :-

461	Rifles.
586	Uniforms.
4000	Rounds of ammunition.

6. The issue of the additional arms will not only assist in the protection of the settlements concerned but will do much to calm the Jewish population in this district who have become extremely apprehensive in view of the recent attack on Givat Ada.

7. It will be recalled that the "D" class supernumeraries in the Safad Sub-District have already been supplied with rifles.

CHIEF SECRETARY.

Subject : Special Night Squads.Reference: My conversation with Mr. Moody
on the 10th July, 1938.

As you are aware, special night squads have been formed in various parts of this District consisting partially of British soldiers and partially of Jewish Supernumerary police. These squads have done excellent work during the past two months and have had a number of successful encounters with armed gangs during the hours of darkness.

2. There is however one difficulty in the present organisation. The Officer-in-charge of these squads has obtained volunteers from the Jewish supernumerary police from all parts of the District and has used these men as and when occasion arises. Consequently the Police officers are not always in a position to know which of the supernumerary police have been withdrawn from their normal duties of close protection of Jewish settlements. This difficulty can immediately be overcome by the enrolment of as many men as are required by the military authorities for special duty in these night squads. This special force would be under the immediate control of the military and their use would not affect the normal Police establishment and would not deprive any settlement of the services of their recognised supernumeraries. I would therefore ask that steps be taken to enroll this special force.

3. In connection with this request I wish to recommend that this special force should be supplied with the uniform of the regular police. As stated in my Monthly Report for June, the use of Jewish supernumerary police has given rise to considerable agitation on the part of the Arab population who refuse to regard these men as a part of the forces of Government. This agitation will be immediately overcome if the men are dressed in regular Police uniform.

4. As the position is becoming more complicated day by day, I would ask that early consideration should be given to this proposal which was discussed by me with the General Officer Commanding during his visit to Nazareth on the 5th July.

Dear Sir,

we beg to draw your attention on the following:
the development of the last months has made Nahariah to a very centre of settlements on the coast of Galilee. Around Nahariah arose, as you know, the colonies Ein Sara, Hanita, Shawe Zion. The problem of security, caused by the present state of insecurity especially in the northern part of this country, desires indefatigable work, organisation and training with the defence-points and the Supernumeraries, who received rifles from the Government. As to our opinion this hard work should be done under an unitary guidance by a man, who is empowered by the Government to give the necessary instructions.

We therefore applied today to Mr. K.W. Blackburne, Assistant District Commissioner, Acre and Galilee District, to appoint a sergeant for the above mentioned settlements, whose residence should be at Nahariah. We propose as candidate Mr. Chaim Ginsberg of Nahariah, whom we know as a fit and proper person, very suitable to work on this responsible place.

We should be very glad, if you would assist us in this matter, which we think is very urgent.

With many thanks in advance,

we remain, Sir,

very faithfully yours!

Subject :- Irregularities Supernumerary Police.

Gentlemen,

I wish to bring the following to your notice with a view to soliciting your assistance in order that this gross irregularity may not occur again.

On 13.6.1938 whilst on inspection at the Experimental Farm I found Moshe Ben Elias of Ramat David who is a civilian partly dressed in Supernumerary Police clothing issued with a rifle and 50 rounds of S.A. ammunition carrying out the duties of a watchman on settlement land.

This as you will appreciate is a very serious offence as he is liable under the Police Ordinance to be prosecuted for the following offences :-

- 1) Masquerading as a Police Officer.
- 2) Being in possession of a rifle of Military value and ammunition.

Further under the Emergency Regulations he is liable to be tried by a Military Court of which you are well aware the result may be.

I again impress the seriousness of the offence and trust that he will take this as an official warning.

I have the honour to be,

Gentlemen,

Your obedient servant.

Reference :- Convening Order P.179 dated 8.1.38.

I have to report the following :-

On 1.10.37 the above-named was enlisted as a Supernumerary Constable (Police Vote) Safad Town.

2. On 29.11.37 whilst on leave at Haifa, on his way back from Haifa as a passenger in a Jewish Bus, the bus was ambushed, and this Supernumerary Constable was wounded in the leg.

3. Being seriously injured he was transferred to the Hadassah Hospital, Haifa immediately for treatment.

4. Unfortunately owing to the seriousness of his injuries it was not possible to take a statement from him for this enquiry and on several occasions telephone messages were sent and it was maintained that the patient was not yet fit to undergo the Strain of an enquiry.

5. Despite the request made to the Hospital authorities to inform this office of the approximate date of discharge, I regret to say that he was discharged without the knowledge of these Headquarters

and every effort to trace his whereabouts proved futile, nor have we been able to obtain any shape of Medical evidence as to the nature of his injuries.

6. The Station Officer, Safad Police Station, also to complete the criminal charge in his hands has sent several letters to him to report to the Safad P.S. and his efforts also were abortive.

7. I enclose herewith a copy of a report received from the Station Officer, Safad P.S. from which it will be observed that this Constable for some unknown reason has been deliberately trying to conceal his whereabouts.

8. I have not been able to ascertain the authenticity of the last para of the Station Officer's report on the subject of the grant of compensation.

9. It may be submitted for guidance that this Constable has not received his salaries since the month of December 1937.

10. I regret that despite further enquiries made by the Station Officer and myself we are unable to locate his whereabouts and in these circumstances I recommend that this Supernumerary Constable be dismissed the Force as from 1.1.38, further it is respectfully submitted that in view of the irregular and unexplainable conduct of this Constable that the onus of any responsibility which may be the outcome of this delay be borne by him.

The above was enlisted as a Supernumerary P.C. in Safad Town on 1.10.37 Police Vote. On 29.11.37 whilst he was returning to Safad Town in a Jewish bus from Haifa, this bus was ambushed and the above-named was wounded, as well as two other Jewish passengers. (Case No.238/37. Charge Register - Safad P.S.refers).

Being seriously wounded he was transferred forthwith to Haifa and admitted to Hospital there. I was not informed of his discharge from Hospital, and since that day (upon your instructions) I made several attempts to find him to inform him that he was needed to attend a Medical Board, and also to report to your office.

Several letters have been sent to him by N.C.Os. in charge of Supernumerary Police Posts, to instruct him to report and to produce a medical report. He has replied to none of these letters. This Supernumerary Constable has often endeavoured to conceal his whereabouts. It was stated that this man appeared before a compensation court at Nazareth on 3.5.38 and that the sum of L.P. 100 was granted in his respect.

SECRET

Inspector-General of Police.

Subject :- Supernumerary Police, Tiberias.

The removal of the troops from T₁berias and the recent outbreak of bombing incidents by Revisionists in the town has led me to expect that armed gangs may make an attack on the Jewish quarters. As I am not fully satisfied with the defence forces available for protecting the many scattered and isolated houses on the hills above the town, I shall be grateful if you will obtain approval for the enrollment of a further 10 "C" class supernumeraries and for the issue of 10 rifles from the reserve.

2. It is undesirable to appoint "D" class supernumeraries as it is important that the men should be supplied with complete uniforms in order that they may be readily recognisable to the regular Police.

Naharia - Shavei Zion.

Reference:- This office letter of even
number dated 8.4.38.

In his letter No.SP/577/37
of 20th May, 1938, the Chief Secretary has
approved an establishment of 6 'B' and
6 'C' class men for the above settlement.

2. The number of class 'B' mentioned
in enclosure to above quoted letter should
therefore be amended to read six men.
